

MULTI-ENGINE HELICOPTERS TYPE RATINGS

PRIVILEGES

These ratings allow you to fly with multi-engine turbine helicopters. The course must be repeated also for those who need to renewal type rating which has expired by more than 3 years.

PRE-REQUISITES

This course can be attended by private and commercial pilots who have at least 70 flight hours as pilot in command or student pilot who is attending the full ATPL course. For the IFR extension of the rating, it is necessary either to have completed the first part of the IR course or already hold an IR certificate on another helicopter.

THEORETICAL COURSE

The theoretical course is organized by Italfly Academy depending on the requests for a minimum of 4 students. It lasts 25 hours and ends with an internal exam.

PRACTICAL COURSE

The planning office of Italfly Academy organizes the appointments with the instructors for booking the flight hours on request. It includes a minimum of 8 flight hours with instructor and 1 hour check with an internal TRE. For IFR extension 5 additional IFR hours and 1,5 hours with a certified IRE, are required as per European regulation.
